President's List - GPA 4.0/4.0

May 2022

Expected December 2022

PROJECT

Followed project requirements to develop a restaurant website. Sketched possible layouts which were developed into wireframes using Adobe InDesign, then created a short video using After Effects as an introduction to the restaurant. Completed project by utilizing Bootstrap and VS Code.

PROFESSIONAL EXPERIENCE

Harper College, Palatine, IL

Web Developer Consultant

June 2022 to Present

- Collaborating with team members to create an updated design for the Harper College Geography website with a focus on delivering a positive user experience by utilizing Balsamiq Wireframes Cloud.
- Continuously communicating via email and video with client regarding changes and updates, ensuring website is being developed to their expectation.

Jameson's Charhouse, Skokie | Huntley, IL

General Manager

July 2014 to Present

- Update and maintain the company website using WordPress on an ongoing basis, which includes updating menus, hours, and images.
- Manage daily operations of restaurant including scheduling of staff, placing liquor orders, keeping track of accounts payable, preparing payroll, and planning for reservations/parties.
- Ensure compliance with licensing, hygiene, and health and safety legislation/guidelines.
- Build lasting relationships with the clientele and diffuse situations when they arise.
- Provide suggestions to owners on new restaurant trends and potential changes to the menu and specials.
- Recruit, train, and supervise staff, while delegating tasks to appropriate staff members.

Manager/Server, Crystal Lake | Woodridge | Mt. Prospect, IL

March 2008 to July 2014

- Ensured restaurant operations ran smoothly, coordinating front and back-of-house operations.
- Delegated responsibilities, ensuring that tasks between staff members were met.
- Built lasting relationships with customers by using excellent interpersonal skills which included providing a welcoming environment.
- Used leadership skills to improve teamwork between coworkers, trusted by management to train new staff and supervise certain shifts.
- Contributed to providing a better response to customers' needs by communicating patrons' feedback to management.
